Dear Partner,

We are delighted to present this year's refreshed holiday wine selection from Juhász Brothers Winery, which we hope will inspire your Christmas corporate gifts and year-end events. This is a very special year for us: Juhász Brothers Winery is turning 30. For three decades we have been making our wines in the heart of the Eger wine region, where tradition, professional dedication and constant renewal meet.

Alongside the well-known favourites, this year's holiday range also includes three of our alcohol-free products, offering an elegant alternative for those who choose alcohol-free drinks. We also offer a variety of gift boxes to go with the wines, making every gift a worthy one – whether for business partners, colleagues or year-end celebrations.

Purchases continue to qualify for the representation (corporate gift) tax exemption, and we offer a 10% discount on orders over HUF 500,000.

Let's celebrate together – with 30 years of experience and the wines of the Juhász Brothers!

Ádám Juhász,
Managing Director
Juhász Brothers Winery

Juhász Éden Classic Brut

Éden is the newest sparkling wine from Juhász Brothers Winery and an important milestone in the winery's premium range. Made from Chardonnay and Pinot Noir using the traditional method, its lively acidity blends perfectly with fruity, floral and pastry notes, accompanied by refreshing citrus, green apple, a touch of almond and creamy, biscuity flavours.

Classic elegance, contemporary freshness and artisanal precision meet in this wine, made using the **"méthode traditionnelle"** – the traditional method of bottle fermentation and ageing on the lees.
